OPEN SATURDAY EVENINGS UNTIL 9 O'CLOCK

## Phoenix' Toy Headquarters Offers Its Entire Stock of Toys and Dolls at Twenty-Five Per Cent Off

There are more toys this year than ever before, but that makes the question of what to buy all the more confusing. When our stock of toys was purchased a long time ago, we went at the buying very carefully, and the wonderful display in our Toy Town on the Third Floor is ample proof that we bought well and wisely, but we didn't stint on the selection or the variety. Not only is the choice here very great, but if you will compare prices you'll see the decided advantage in coming here for all your toy needs. If you've never been here, you'll find a real treat in store. Bring all the kiddies down and

let them revel in the delights of our Toy Town. You may buy with every confidence in the unusual quality of everything shown—every toy being of extra high grade, and conforming to the Korrick policy of positive lowness of price. Here you'll find toys of every description.

Those we illustrate in this advertisement were gathered at random. From them you can gauge the extremely low prices at which toys are being sold in our Toy Town. —(Third Floor)

25% off

### Remember As Many Kiddies As Possible On Christmas Day

On this happiest of all happy days, when every hospitable roof throws wide its doors, when hearts dilate with the glow and warmth of the blazing hearth, and when the warm grasp of friendship welcomes us all with that rare charm of Christmas spirit, who of us is able to resist this joyful call to happiness?

In such an atmosphere we become as children and live again the happy days and see again the same dear faces. Indeed, it is a season, when not merely the fire of hospitality should be kindled high in the hall, but higher still should flare the genial flame of kindly charity.

To a great many hearts does Christmas bring a brief period of unbelievable happiness and enjoyment. For it is now that whole families, whose members have been scattered far and wide, are once more united, and meet again to awaken old recollections and to enjoy once more the simple, homey pleasures that the holiday brings.

Let us forget all selfishness now and give something of ourselves to those less fortunate. In doing this we will find happiness by the road of right understanding. To replace the lavish giving and extravagant celebration, we shall make service our gift to humanity. Service is more and more becoming an expression of the true spirit of Christmas.

Let us take care in seeking that higher expression of ourselves not to forget little children. To them belong the gifts and gay festivities of this joyous day. In remembering as many kiddies as possible you are placing your gifts at the feet of the One whose birthday the Christian World celebrates at this time, who gave them everything in contributing to the human heart His message of boundless, universal love, teaching them to believe that it is the strongest thing in the world. And in doing for others, that they are keeping Christmas.

"And if you keep it for a day,  
Why not always?  
But you can never keep it alone."
